## Service Dog Awareness Information

A family that recently joined the Stuttgart military community includes an individual who is accompanied by a service dog.

Service dogs perform a variety of functions, including - but not limited to - leading visually-impaired individuals, alerting hearing-impaired individuals, guiding individuals with mental disabilities and performing tasks for individuals with mobility impairments.

The rights of individuals with service animals are protected under the Americans with Disabilities Act ([www.ada.gov](http://www.ada.gov)). Thus, in addition to offering the same courtesy and respect that one would extend to any fellow community member, please be aware of the following facts:

- Service animals are permitted anywhere that individuals without animals are allowed (including, but not limited to, restaurants, commissaries, private offices and public transportation). Persons accompanied by service animals should never be denied access because of the animal, nor should they ever be required (or even asked) to leave the animal outside.
- Individuals with service animals are under no obligation to explain or discuss the nature of their disability or the types of services provided by their animals.
- Service animals are not pets - they are working animals that are meeting an essential need. Attempting to pet, feed or otherwise distract a service animal is against the law.

For more information call Lori Everly at 430-7176/civ. 0711-680-7176 or the Stuttgart Law Center at 421-4152/civ. 0711-729-4152.
